## 04 HOBBIES

During my free time, I like to engage in different hobbies that help me relax and pursue my interests. Playing the piano and guitar is something I really enjoy; it brings me a lot of happiness, and I use it as a way to find peace and express myself creatively through music. I'm also a big fan of gaming, appreciating the deep and challenging experiences it provides. Moreover, I spend my leisure hours studying programming languages and staying in the

loop with the newest tech developments. I'm genuinely passionate about broadening my understanding and honing my skills in the tech field.
